Finmin Places 20% Spending Limit on Q2 Budget Allocation

North Block pushing to frontload capex as it seeks to curb wasteful spending

Tightening Purse Strings

Finmin caps expenditure by min/depts at 20% of budget

Ministries/depts clubbed into two categories

Most ministries to see 20% cut in July-Sept quarter

Push for capex to continue

New Delhi: In a fresh round of austerity measures, the finance ministry has capped expenditure by various central ministries and departments at 20% of their budget allocations for the July-September quarter, according to a memorandum issued on Wednesday.

The move was similar to last year when ministries and departments were divided into three categories and their expenditure capped at 15-20% of their annual budget to cut down on non-essential spending during the first wave of the Covid-19 pandemic.

This time around, the finance ministry has detailed just two categories with a majority of the ministries and departments falling under the 20%

The latest directive follows the relief package announced by finance minister Nirmala Sitharaman on Monday, which involved an additional fiscal outlay of up to ₹60,000 crore during the current fiscal.

Expenditures by the ministries of health and family welfare, railways and housing and urban affairs along with the departments of space, pharmaceuticals and rural development would continue under existing guidelines.

On the other hand, spending by the ministries of tourism and skill development and departments of school education and literacy and chemicals and petrochemicals, among others, would be capped.

North Block is pushing ministries to frontload their capital expenditure even as it seeks to curb wasteful spending.

Fiscal Deficit Improves to 8.2% of FY22 Target in May

Our Bureau

Fiscal Control

Improvement in fiscal deficit supported by sharp increase in tax revenue to ₹2.33 lakh cr

Capex at ₹62,961 cr, improvement over last 2 years

Deficit will depend on disinvestments and vaccine procurement costs

New Delhi: India's fiscal deficit at the end of May came in at 8.2% of the budgeted estimate for FY22 as against 59% in the same period last year, on the back of better revenues and lower subsidy pay out, according to official data released Wednesday. Fiscal deficit in April-May stood at ₹1.23 lakh crore, data showed.

Higher revenues in these two months coupled with lower expenditure aided in limiting the deficit, experts said.

April-May 2021 witnessed localised restrictions imposed by states due to the second wave of pandemic, but tax revenues were marginally improved unlike

In the previous financial year when nationwide lockdown halted economic activities. Tax revenues in the period came in at ₹2.33 lakh crore or 15.1% of the budget estimates. "Tax revenues stood at ₹1.4 trillion (lakh crore) in May 2021, which is very high relative to even the pre-Covid levels of Rs. 0.9-1.0 trillion for the month of

May in 2017-2019," said Aditi Nayar, chief economist at ICRA. Experts said surplus transfer of Rs 99,122 crore from the Reserve Bank buoyed the non-tax revenues that reached 47.9% of

the budget estimate. The government managed to achieve 18% of its budget estimate of total receipts in the first two months of the financial year. "The change in RBI's accounting year to April-March from July-June has advanced the release of dividend payment by RBI to government," said Sunil Sinha, Principal Economist, India Ratings & Research. With higher focus on frontloading of capital expenditure, capex spending rose to ₹62,961 crore, indicating a rise in absolute terms for the corresponding period over past two years.

Must discuss accountability of big tech firms: Jaishankar

PRESS TRUST OF INDIA
New Delhi, 30 June

External Affairs Minister S Jaishankar on Wednesday said that issues like responsibility and accountability of the big tech companies which enjoy huge power and influence must be debated and they cannot be brushed under the carpet. Jaishankar's comments came in the midst of growing tensions between Indian authorities and American social media giant Twitter on a range of issues including the new IT rules. In an interactive session with former British prime minister Tony Blair at the India Global Forum, he said that a vigorous debate on big technology firms is going in India like in various parts of the world, adding nobody denies that they are "forces of progress". "But, in a democratic society, we have to ask ourselves, big tech is there; it is in my life, very visibly in my life. You have a big presence, (but) where is the responsibility which comes with it," Jaishankar said. "They have huge power, where is the accountability. This is again not an issue limited to India. They harvest our data as they do across the world. So you have, in a sense, the opposite of the American Revolution, which is to have representa-

tion and no taxation," he said. He was asked about the power of technology and issues relating to it. "These are very serious questions that need debating. I think they cannot be brushed under the carpet, saying you should not question them because then you are attacking freedom of speech. I think that's a cop-out. Obviously, it serves their interests," he said. The external affairs minister said that there are various aspects to these issues, including political and the influence commanded by the technology giants. "I think these are issues; because today what big tech has done — one part is looking at it as a governance issue, as a political issue as a democratic issue I would say," he said.

If you invoke US copyright act, then be cognizant of Indian laws as well: Prasad on Twitter row

Calling for accountability of big social media companies, Union Minister Ravi Shankar Prasad on Wednesday said Twitter invoked a US copyright act to block his account but it should also be cognizant of the law in India where it is operating and earning money. Speaking at the India Global Forum, the minister said Twitter last week blocked his account for an hour on a complaint made four years ago under the Digital Millennium Copyright Act of the US. "If you are going to invoke the... digital copyright act of America then you have to also be cognizant of the copyright rules of India. That is the point. "You cannot say my whole stand will be regulated by an ex-parte assessment of the US law. For a happy blending of the role of big tech and democracy, a solution has to be found," Prasad said. **PTI**

Cabinet okays ₹3 trillion for 5 yrs for new power reforms

SHREYA JAI
New Delhi, 30 June

The Cabinet Committee on Economic Affairs (CCEA) has given its nod to a new scheme for revival of power distribution in India.

This is the second reform scheme for power distribution companies (discoms) announced by the Bharatiya Janata Party (BJP) government. It comes a year after the ambitious Ujwal Discom Assurance Yojana (UDAY) scheme concluded. The new scheme will have an outlay of ₹3 trillion for five years up to FY26 with a gross budgetary support of ₹97,631 crore.

Union finance minister Nirmala Sitharaman had announced the scheme while presenting the Budget in February this year. Most of the targets under UDAY, earlier slated to be met by 2020, have now been extended by another five years. The new target for bringing down AT&C losses (operational losses due to inefficient power system) to 15 per cent, cost-revenue gap down to zero and improvement in services of discoms is 2024-25. The 'Reforms-based and Results-linked, Revamped Distribution Sector Scheme' seeks to improve the operational efficiencies and financial sustainability of all discoms/power departments (excluding the private sector) by providing conditional financial assistance to discoms for strengthening of supply infrastructure, said the ministry of power in a statement on Wednesday.

The assistance would be based on meeting pre-qualifying criteria as well as upon achievement of basic minimum benchmarks by the discoms. Implementation of the scheme would be based on

All the existing power sector reforms schemes, namely Deen Dayal Upadhya Gram Jyoti Yojana, Integrated Power Development Scheme and PM-KUSUM scheme, would be subsumed into this umbrella programme

OTHER DECISIONS

▶ Cabinet approves ₹19,041 cr viability gap funding for BharatNet in 16 states

▶ ₹6.29-trillion Covid-19 relief package announced by FM gets approval

▶ Cabinet nod to MoU between India and Gambia on governance reforms

▶ Aatmanirbhar Bharat Rojgar Yojana deadline extended till Mar 2022

the action plan worked out for each state. An annual appraisal of discoms would be done to check their progress and funding would be disbursed, accordingly.

All the existing power sector reforms schemes, namely Deen Dayal Upadhya Gram Jyoti Yojana (DDUGJY), Integrated Power Development Scheme (IPDS) and PM-KUSUM scheme, would be subsumed into this umbrella programme.

The scheme would, therefore, entail the collective tar-

gets of all power sector schemes into one — solarising agriculture feeders, smart and pre-paid metering and modernisation of state-level transmission and distribution infrastructure.

Smart metering would be done via public-private-partnership (PPP) mode. The power ministry stated that 2.5 million smart meters would be installed during the scheme's time period.

The scheme would also entail installation of 1 million prepaid smart meters by December 2023 in the first phase.

Speaking about the Cabinet decision, Union minister for power, new and renewable energy R K Singh said once the feeder separation for agriculture is done, farmers would effectively be getting free power from solar-irrigation systems.

"Agriculture subsidy would cease to exist in the next four to five years if discoms are able to solarise the agriculture feeders. Farmers will get free power during the day and discoms would be able to redirect that amount of electricity to other consumers," Singh said.

India believes there is urgent need for major reforms in WHO: Harsh Vardhan

PRESS TRUST OF INDIA
New Delhi, 30 June

India believes there is an urgent need for carrying out "major reforms" in the World Health Organization to ensure a timely, focused and effective response to potential future pandemics, Union Health Minister Harsh Vardhan said on Wednesday.

Speaking at a meeting of the health ministers of the Shanghai Cooperation Organisation countries through video-conference, he said the global crisis arising out of Covid-19 pandemic is further compounded by ever-evolving new variants of the virus, and highlighted the need for greater collaboration between countries on various aspects of health to defeat it, a Health Ministry statement said here.

"Therefore, it is desirable that we should continue to exchange our experiences, learnings, best practices as well as innovations to strengthen our public health systems," he was quoted as saying in the statement.

He said India is working extensively to increase core capacities to manage the present situation and ensure long-term interventions for mitigating any such future crisis.

The minister added, "India — like many other countries — believes that there is an urgent need for carrying out major reforms in the World Health Organization so that we can ensure timely, focused and effective responses for potential future pandemics."

India to EU: Exempt those who got Covaxin, Covishield jabs

PRESS TRUST OF INDIA
New Delhi, 30 June

As the European Union relaxes travel restrictions under its 'Green Passport' scheme, India has requested the members of the 27-nation grouping to individually consider allowing Indians who have taken Covishield and Covaxin vaccines to travel to Europe, sources said.

The sources said India has requested the EU member nations to accept the vaccination certificate issued through the CoWIN portal.

The European Union's Digital Covid certificate framework to facilitate free movement during the Covid-19 pandemic is to come into effect on Thursday. Under this framework, persons who have taken vaccines authorised by the European Medicines Agency (EMA) will be exempted from travel restrictions within the EU. The individual member states have the flexibility to also accept vaccines that have

been authorised at the national level or by the World Health Organisation.

"We have requested EU member states to individually consider extending similar exemption to those persons who have taken Covid-19 vaccines in India, that is Covishield and Covaxin, and accept the vaccination certificate issued through the CoWIN portal," said a source.

The sources said the genuineness of

such vaccination certification can be authenticated on the CoWIN portal.

"We have also conveyed to EU member states that India will institute a reciprocal policy for recognition of the EU Digital Covid Certificate," the source said.

"Upon notification of Covishield and Covaxin for inclusion in the EU Digital Covid Certificate and recognition of Indian CoWIN vaccination certificates, Indian health authorities would reciprocally exempt the EU member state concerned for exemption from the mandatory quarantine of all those persons carrying EU digital Covid certificate," the source said. There have been apprehensions in India that people who took Covishield and Covaxin jabs are unlikely to be eligible to travel to the European Union member states under its 'Green Pass' scheme.

The EU Digital Covid certificate or 'Green Pass' will be mandatory to travel to European countries and the document will serve as proof that a person is vaccinated against Covid-19.
